Turbocharger Old Core Acceptance criteria

All Old turbocharger units that are returned for the surcharge refund will only be accepted provided that they are complete units, they have no components missing, they have not been previously disassembled and they are in an “as removed from engine” state.

All units returned must be a like for like Equal exchange

- Same part number as supplied
- Or approved supersession
- A Genuine OEM unit (no reproduction or aftermarket turbos will be accepted)

In addition, units must:

- Not have Missing components
- Not have Missing actuators
- Not have Faulty actuators
- Not have Sheared or split turbine shafts
- Not have Non operation damage, dented/cracked housings, attachments fitting or brackets.
- Not have any sort of malicious or accidental damage to turbocharger unit, Dropped, scoring with a blade or cutting device, hit or marked with blunt objects eg. Hammer.
- Not have Fire damage.
- Be returned within 2 weeks (14days) from date of sale, unless stated on invoice/receipt to be returned sooner or later.

If you are concerned about any of these terms please feel free to contact us. We can discuss your unit specifically, due to multiple different turbochargers and failures that can occur some of these terms may not apply.
